**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

America is built on competition. Utilities are developed for the common good using taxpayer dollars. Why would you limit broadband competition so as to benefit a few businesses with taxpayer investment. Limited competition leads to increased rates, to take more money from the consumer/ tax payer. This situation is even more dire in the rural America that I live in. Do your job to serve the greater American public and make decisions that promote broadband competition.
